Wine Without Borders strives to grow the world's most interesting wines, despite these varietals not being household names.

Our winemaker grew up making Grüner Veltliner with his family outside of Budapest, who have been winemakers for generations. The Triska Vineyard is one of the Kent family's estate vineyards, and is a unique microclimate: it is consistently a few degrees cooler than the neighboring sites, and runs along an arroyo that attracts fogs and brisk, coastal breezes longer than neighboring blocks.

The Kent family's gentle attention to detail in the vineyard, combined with Julian Halasz's masterful winemaking, creates a wine that reflects our true-to-terroir winemaking philosophy.

TASTING NOTE

Pronounced minerality in the aroma, palate and finish, complemented by notes of asian pear, apple blossom and white peppercorn. A feathery touch of tannins and a generous mid-palate makes this wine pairable with the toughest dishes, like spicy stir fries.
